

President's Committee 2010 Report on
Corvette Roulette

Dale Foust, Committee Lead

This report was produced by the Las Vegas Corvettes Association President's Committee aimed at providing relevant information to an E-Board decision to possibly continue the annual Corvette Roulette, CR, event in the future. This committee was selected by the president, Sherrie Wood, and is made up of Irene Duis, Cathy Wilson, Sharron Grodzinsky, Bob O'Brian, Ken Rees and Dale Foust. Many thanks to each committee member for the enthusiastic support given to the production of this report. I want to recognize and apologize for our inability to meet the desired publication date for this report due to my unplanned surgery. I hope it will be useful in any case.

This report is divided into two sections. Part A is a summary of relevant numerical and sometimes statistical quantitative parameters that describe past CR events. This section summarizes financial, participation, and supporting functions aimed at understanding the scope and performance of these past events as reference material for a decision to continue or not. Part B is a summary of a survey conducted by the committee to determine the view of Corvette Roulette, Past or future, by the LVCA membership. This was essentially an opinion survey aimed at evaluating, in detail, the memberships position regarding the success of past CR events and then determining their support of continuing the event in the future.

The committee wishes to recognize the support of many LVCA members in making this report possible and we wish to specifically thank Sherrie Wood, Carl Hastings, Jeff Blue, Pat Russell and Carol Gagliardi for the extra effort they put forth on our behalf.

Respectfully submitted,

Dale Foust

Presidents Committee Summary Report Corvette Roulette

This summary report is intended to be a short statement of the major conclusions drawn from the data that provided input to this committee's study. The full report contains the source documents so that one can evaluate this information in detail in order to support any decision which may be based upon it. The full report is in excess of 50 pages.

This report is divided into two parts. Part A contains the quantitative information flowing from the past Corvette Roulette, CR, events. Due to its proximity in time much of the 2010 event information is not yet available but will be provided to the E-board about the same time as this report. This will require some integration by the board to incorporate that data into any final conclusions.

A portion of Section A contains the financial reports for years 2006 through 2009. A major conclusion flowing from a review of this data is that gross income and net income both experienced significant reductions over the years. This is a direct result of lower participation over the subject years. This trend can be seen in the Corvette Roulette Historical Summary that follows. One can note that the number of volunteers used to manage these events has also gone down but remains a similar portion of the total LVCA membership with slight year to year variations. The largest changes occurred from 2006 to 2007 and the changes since then have been smaller.

The committee could not find an explicit statement of the original CR objective but in reading much of the documentation we concluded that it was generally to 1. Provide an income stream to LVCA, 2. Draw attendance from a large geographical area, 3. Enhance the prestige of LVCA and 4. Make contributions to selected charities. Verbal discussions with past CR event leaders indicate there may well have been others but I cannot find where they may have been accepted. The data suggests that these central objectives were at best only partially attained.

Part B of this report is focused on the survey written by the committee and sent to the LVCA membership. This survey was aimed at determining a variety of opinions and impressions this group may have regarding past and potential future Corvette Roulette events. In General one must read the survey results to get a clear impression of the opinions held by the LVCA members. It can be said that there were 69 specific responses to the survey and we have been told that many of those represent the views of a husband and wife team. This suggests that over 100 people may have their responses included and that is a significant and meaningful data set upon which to draw valid conclusions or to base any decision. The majority of respondents were positive on what we perceived to be key issues. For example, 80% felt CR has been successful, 73% have attended and had fun, 88% felt fees were fair, 82% would like to see the event continue, 57% would attend next year.

The optimism of this survey seems to be a bit at odds with some of the information obtained in the fore mentioned conversations with CR leadership. In general this information indicates that few people want to get involved in the work of organizing and conducting these events. Furthermore it seems that many of the same people work much of the time and burnout is an issue. This dichotomy should be considered when interpreting the data in this report.

A great deal of data in this report flows from the comments made in several venues including the CR committee survey. They address suggestions relevant to organization and duty assignment and ranging to event operating details. We find these comments do not lend themselves to summary conclusions so the responses should be read and considered as a separate yet critical data set.

The committee hopes this report meets the needs of LVCA leadership and we stand ready to answer questions or support the leadership in any way.

Sincerely, The President's Corvette Roulette Committee

July 2010

Corvette Roulette Report

Past Attendance per Year

The attendance data for the four past Corvette Roulettes show how many cars were registered broken out by members and guests (for example in 2006 there were 60 LVCA member cars, 54 guest cars), but only a total for how many people attended (2006 = 226), not broken out by LVCA members and guests. Some cars accompanied one person, some accompanied two people. Based on this, the total LVCA members who attended would be somewhere between the actual number of cars (single person) and twice the number of cars (couples). Since there is no way to know how many there were of each, the attendance numbers are listed as a range.

LVCA membership totals were taken from the minutes in the NewsVetters.

2006, October 5 - 8

60 LVCA cars were entered.

Between 60 and 120 members entered.

There were approximately 286 members in October 2006.

Between 21% and 42% of the membership entered.

2007, August 21-September 2

54 LVCA cars were entered.

Between 54 and 108 members entered.

There were approximately 285 members in September 2007.

Between 19% and 38% of the membership entered.

2008, May 23-25

51 LVCA cars were entered.

Between 51 and 102 members entered.

There were approximately 250 members in May 2008.

Between 20% and 41% of the membership entered.

2009, May 22-24

58 LVCA cars were entered.

Between 58 and 116 members entered.

There were approximately 252 members in May 2009.

Between 23% and 46% of the membership entered.

According to the survey results, 85.2% of the membership attended at least one of the four Corvette Roulettes. 73.8% volunteered at least one event.

Summary

Attendance at the four Corvette Roulettes has only decreased slightly. A high percentage of the membership participated and volunteered in at least one event.

Corvette Roulette 2006 Budget & Financial Status

Report as of November 20, 2006

The following pages contain the Corvette Roulette 2006 approved Budget and the current financial status for the end of the 3rd and 4th quarters 2006, which I ended on November 20, 2006.

The Financial Analysis is a summary of the information presented in the Income and Expenses worksheets. This summary presents category income and expenses together for ease of understanding how each category contributed to the overall financial status.

In that I anticipate no further financial activities related to Corvette Roulette 2006 other than using a check to transfer the remaining funds to LVCA, I consider this to be the final Financial Status Report for Corvette Roulette 2006.

10. SEE ATTACHED RESPONSES.

Survey Summary

Responses to

Question # 3

1. Autocross and car show good. Banquet was weak.
2. Autocross
3. I liked everything.
4. I liked everthing
5. meeting other club folks and car judging, auto crossing.
6. I do not like the car show location. Way to hot when the weather is nice.
7. Is this survey about last years event ? or all the last 4 ?? I have attended all of them..I LOVED EVERYTHING..The live entertainment, the food, the well run events, the banquet, and the people.
8. everybody was great had a fun time (awards banquet) car show was very organized
9. Last one i attended was at the orleans, for me the car show was just to hot on the rooftop
10. Too specific. Event should be broad-based for all types of Corvette owners, not limited to NCCC point chasers, concourse cars etc. Event was designed to be "Bloomington Gold" of the West Coast open to ALL Corvetters and all Clubs across the USA. Current event design cuts out many would-be attendees. The Las Vegas venue should have attracted triple-digit attendance by now. The current event design has caused a steady attendance loss....
11. the entire event was fun
12. I liked the: Car Show,
Ralley,
Autocross,
Welcome party, and
Awards Banquet.
I did not like that it all happened on the same weekend.
13. It's all about having fun with your friends and meeting new people and also maybe getting a competitive
14. To many days involved - To much time spent on it. It seems like the planning goes on forever. Requires to many volunteers.
15. I think this is an outstanding event. What I don't like is the feeling by some in LVCA who feel it should be a function 'for' LVCA members instead of an incredible event 'hosted by' LVCA as it was originally intended.
16. Great 2 parties, fun driving events, costumed themes were a lot of fun. There was nothing I didn't like except the heat the year it was over Labor Day. I know the guests don't like driving the freeway on busy holiday weekends.
17. I liked working & being part of the autocross.
18. to much emphasis on this event and not enough attend.
19. Food could be better for the price.
20. events were very good.
21. the time of the year, the length of the event, the money spent for it and the cost all attendees and the particular presssure put on club members to participate
22. Same people do the work. Members do not come out to the event enough.
23. TOO HOT ON MEMORIAL DAY WEEKEND. ORLEANS GIVES NO DISCOUNT ON ROOMS(EXCEPT FOR THURS.) SINCE IT IS A HOLIDAY WEEKEND & IN THE PRESENT ECONOMY THIS MAKES IT DIFFICULT TO ATTRACT MORE & MORE OUT OF TOWN CLUBS. THE TURNOUT SHOULD BE GROWING BY LEAPS & BOUNDS EACH YEAR JUST FROM WORD OF MOUTH.
24. Enjoyed car show and dinner and entertainment.
25. Gathering of friends
26. The event introduces LVCA members to Corvette club members from other areas.
27. Too much work & dollars. Donations, regis., fees, raffle tickets, etc.
28. I like that we get together with other Covette clubs and give them a chance to come to "our house." I don't like that a lot of our own members don't participate.
29. the cars
30. Newbee! We have not attended a Corvette Roulette function as to date.
31. car show and banquet
32. N/A
33. Too much money spent with too little other clubs attending to make it worth while.
34. I LIKED PRETTY MUCH ALL OF IT. AND I THINK THAT ALL OF THE PEOPLE WHO HAVE CHAIRED THE EVENT HAVE DONE A GREAT JOB.
35. Lots to do and great people

36. The autocross, Car show and Rallye all tied together with a party
37. It's getting a little dry-same old thing
38. judged car show
39. The events were very well put on by the organizers. All volunteers were friendly and helpful. I only felt that it appeared that there was not enough funds to make it a "better class" of event. The food at some of the events was marginal. The accomodations were okay.
40. I didn't like spending Memorial day working all day on the autocross.
41. Banquet tables should be assigned/reserved/selected not first come first served.
42. i liked all of it
43. Distance between the Car Show and Registration.
44. I like all aspects of the event. Do not like doing all the work, and then paying full price for my registration.
45. Everyone seems to get involved, and there are different events for different folks.
46. I enjoyed the Autocross and the Rallys and the Parties.

Survey Summary

Responses to

Question # 9

1. Keep it in cooler times...old Sept was brutal. If continues to be Memorial day have something so car nuts can watch Indy
2. maybe have it every second year. What I would like to know is Why is this survey going out before the event, would be better if it came after the event, more productive if you ask me!
3. We need more incentives to get volunteers involved early. Recognition on a monthly basis, discounts, extra monthly raffle ticket(s) if you are a CR volunteer. Give additional incentives to CR leadership positions.
4. I would like to see us at the Las Vegas Speedway. Add dragracing, track racing. A sponsor would also keep the cost down.
5. I don't know
6. Our members should work the event and that is the fun we should have.
7. Change the date as Memorial Weekend is a family weekend.
8. The event is fun, the people that don't have fun need to get a life..you can't make them have fun if they are just unhappy people...
9. ?
10. Weather a little cooler
11. see #3 above. if the event is to be a major event it cannot be exclusively designed around individual members agendas. It must be designed to attract the "average" (largest group) Corveter.

The CR event should be expanded to include activities that LVCA does not normally do during a year. The CR event does not bring anything new to the LVCA member's experience, and it creates a great deal of stress for its members. It should not be continued under the current concept. The stress and effort of an annual CR event would be worth it if the CR event included several unique activities such as:
 - Slot tournament
 - Poker tournament
 - Casino/Showroom Backstage tour
12.
 - Brothel tour
 - Las Vegas Valley tour
 - Fashion Show
 - Workshop
 - Invited speaker
 - Team go-cart competition
13. Free Beer
14. Skip all the meetings - E-Mail, Less man hours, I think people feel obligated to volunteer.
15. The fact that this question is even on this survey shows how far we have digressed from the original intent of Corvette Roulette. The question should be "...how can we make this event more fun and more inviting for non LVCA members in order to make them want to return year after year."
16. Have a "thanks for volunteering" breakfast or lunch in a park or someone's back yard type of event for all of the volunteers to bring them back together all at the same time to show appreciation for all of their work. Use some of the event proceeds to finance this recognition party, we don't have to give it all to charity. Can't think of how to make it more fun, it already is.
17. Move to a weekend other than Memorial Day Weekend, so more LVCA Members would attend.
18. get involved, it really is FUN.
19. Split it into three separate events throughout the year for just our members. Other clubs have always been welcomed to attend any of our events.
20. THE DECORATIONS ARE ALWAYS GREAT,THE RAFFLE & REGISTRATION TAKE AN UNBELIEVABLE COMMITMENT. IT'S JUST A GREAT DEAL OF EFFORT BY THE CLUB IF THE EVENT DOES'T SHOW INCREASING GROWTH EACH YEAR.
21. Advertise in the NCCC magazine. What better source for getting the word to others?
22. Make a Corvette Coral for all Corvettes not in the show and invite some type of specialty car(Calloway, high HP, etc)as a feature each year.
23. Stop doing it.
24. How about a cruise around the LV valley for the folks who don't want to compete. It could either be a led cruise or we could have maps and directions available for anyone who wants to see what's here besides the casinos.
25. have a topless dance contest
26. Downscale and forget inviting other Corvette Clubs
27. OFF HAND I CAN'T THINK OF ANYTHING. IF I DO I WILL BE SURE TO MENTION IT TO THE BOARD.
28. Attend it
29. Have more volunteers from the club- so all LVCA members can enjoy the event in addiion to working it.
30. I'm just getting kinda bored with the same old stuff
31. It will be more fun if more members participate. Also, it is more fun if more people volunteer. I'm not sure if the date being on a long week end is good or bad. Some people want to go out of town on long weekends. On the other hand, out of town participants can more easily attend on a long week end.
32. I think that the the prices the banquet are a little to high, especially for LVCA members and who volunteer to work any of the events. Many of our members

have been hit hard by the local economy.

33. Have other Corvette identities assigned to put on events instead of LVCA members having to put them on. LVCA can supply the 'gear' but not the labor.
34. more beer ha ha ha ha ha ha thank you
35. A party for the LVCA members that helped put on the event.
36. If they are volunteering, they should get a discount on their registration. Like what happened this year.
37. Social events should be more like mixers to get everyone talking more. Games?

Survey Summary

Responses to

Question # 10

1. I have never attended a CR event, so cannot comment.
2. I had another commitment and would attend if I was here. I still may attend if I can possibly make it.
3. Set up a Raffle prize display on the CR website. Market at other events even if it is one year out. Promote local participation from other clubs even if they are not NCCC. Sell this as a national event since it has history. Set a dedicated charity and use on the marketing material.
4. They have always asked for volunteers at the meetings and in the Vetter. You may want to consider changing the dates since we now have more competition with other corvette events then we did at the start of this.
5. I may not attend because I had a knee replacement
6. The event will only be successful if our own members work it and not complain.
7. We need to seriously reevaluate this event being an NCCC points event as the number of NCCC points chasers are few in number from outside our own club.
8. Make the event mandatory for all members to attend..Why are they in a Corvette club ??
9. i do have a busy work scedule that does not allow me to volunteer.
10. Just always to busy
11. The group that puts on this event are dedicated to the club and do a great job!!! I admire them for their efforts!!!
12. Reference #7. I would consider continuing event and future involvement if a "fun for all comers" approach was adopted. An obvious un-addressed problem exists if attendance declines each year.
13. I have not attended this event as I always seem to have conflicting plans--I would prefer to see it scheduled on a non-holiday weekend. Most times we are out of town for the holiday.

I have been involved with the Corvette Roulette event since before it was called the Corvette Roulette event. I have been an active member of the planning committee for every Corvette Rolette event. I have seen the stress it has inflicted on the members of the planning committees and believe I am witnessing burnout of the key members that have participated in the past CR events. One of the original objectives of the planning committee was to spread the responsibilities to as many people as possible, and to require that every key planning committee position must have a deputy. This was intended to reduce the stress and the risk of burnout. This objective has all but disappeared in the last five years and we are now seeing the negative consequences.

The concept of a sustainable and successful annual Corvette Roulette event is going to be difficult if not impossible if there is not a Corvette Roulette Director position created. Currently, each CR event is a stand-alone exercise. Each year a new CR Chair and planning committee is selected and a random set of some of the documentation from the past CR events are placed into the archives. Each new planning committee is doomed to re-invent the wheel unless someone on the planning committee remembers what might or might not have happened in the past. The duties of the CR Director should include:

 - Recruiting candidates for the next CR Chair
 - Capturing the lessons learned from each CR event
 - Maintaining a best practices file
 - Direct the Participants Satisfaction Survey for each CR event
 - Work with the E-Board to maintain:
 - o A current set of CR event objectives
 - o A current concept of an ongoing annual CR event
 - o A current description of the CR activities
 - o A current approach to planning and conducting the CR event
 - Capture and make available to future planning committees all relevant documentation from past CR events.

If all that the CR event does is to package the normal LVCA activities into a single weekend event, than it should NOT be continued. (See #9 above.)
14. I don't have time to put my heart and soul into it to make it a great event. I think as a volunteer you need to have that or give that.
15. Memorial weekend is a bad time for the event for my schedule. Would prefer to have in the fall like the 1st event was.

This event was originally conceived as an event put on by LVCA to attract participants from around the country to come to Las Vegas for an event that was on a par with any of the major Corvette Gatherings in the country. Unfortunately due to internal special interests it has morfed to an event where many LVCA members are under the impression that it is put on for them and we do not need outside participation. This event should be continued under the original charter where LVCA hosted the event but the majority of participants were from outside LVCA. This is an opportunity for LVCA to become a well respected club that can and does put on a world class function annually on a par with Vettes on the Rockies, Carlisle, Big Bear, Millard Fillmore, etc. It is embarasing that this club with over 200 members is even considering cancelling annual Corvette Roulettes. We need to start ignoring the special interest groups and start doing what is best for the Club.
16. LVCA needs to get in the mindset that this is our annual, largest money making event of the year and we shouldn't have to beg for volunteers each year, it should be expected that everyone will help in some way. Perhaps a new chairman would help. Bonnie does an outstanding job, but many people don't care for her and therefore won't support the event. That is stupid, but could be true. If we changed the weekend to one where our members aren't out of town, it doesn't have to be a 3 day weekend, these people will come anyway. Let the membership decide on the date. The discount to members this year is great.
17. Last year my mother died. This year I'm going back to take care of some business. I don't know if I'll be back in time for Corvette Roulett.

this 3 day event commits the club to a huge obligation financially, and only a small percentage of members attend to repay this obligation. Most events must be self supporting. CR is on edge all year long that it will break even, a lot of pressure on the organizers. To much emphasis on a single event when we have events going on all year long
18. It is not a matter of the cost to the members to participate, they pay more than this for wine and cheese. 3 days is just to much time to commit to
19. More advertising with national magazines
20. Just think what grand events we could have if all that money was used for separate events and the manpower could be used for more than just one event
21. WE WON'T BE ATTENDING THIS YEAR DUE TO LIMITED FUNDS.

24. We have attended one Corvette Roulette at the Stardust and volunteered. We enjoyed it. It has usually been at a time when we have family plans or we fly to see family so we do not attend.
25. It has been very hot for past events. Tough on old farts.
26. N/A
27. I attend & support out of obligation to the club. It is too much work. I like short events. This takes up a good long weekend that could be used for family things.
28. none
29. CR caused too much friction the first year it was put on. Divided our club. Never volunteered again, because I arrived at my post to work and the previous workers were reluctant to let me do my job. They felt it couldn't get done with them being there.
30. I'M SURE THERE IS A GOOD REASON FOR HAVING THE EVENT THE LAST WEEK OF MAY, BUT A WEEK EARLIER WHEN IT MAY BE COOLER WOULD BE NICE.
31. Great event--Hope it continues:)
32. The first year was too expensive for a single (not a couple) participant. Then I believe the next year I had to pay for the entire event, even if I only wanted to participate in one portion. Then I took vacation on that weekend the next two years and this year it is on my weekend to work.

I am concerned that we are burning out the few LVCA volunteers who run most of the event- The event has taken its toll on club friendships. If we continue we need more club volunteers. I think this year we have too many NCCC events. I think this should be an event the club wants to participate in and not an event that we are having just for people come to Vegas. If we have a good time those who visit will have a good time and want to come back. There has been a lot of worry each year if we are going to break even. We would break even if our own club would sign up 90 cars. this year with the reduced registration fee we should be able to tell if LVCA will support it's own event.
33. Not just this event
34. I think that this event should continue. It can be what it was originally intended to be... a premier event put on by our club and it's members. Who doesn't want to come to Las Vegas? It does take time and effort each year to make it better.
35. move the date to April 1st. weekend.
36. I think the event is a great one and as long as the club makes money we should continue doing it, but if it should cost the club money and become a burden and/or doesn't get the support we should discontinue the event.
37. I own Corvettes because I like to drive them, which LVCA does little of, and not to be a social animal.
38. Recommend that there be Co-Chairs. One to be in-charge the first year and the second to take over the next year.
39. I don't think it has to be NCCC in order to be fun. But if that is the way we get other people to attend then we can keep it NCCC. I think there are probably places that could be cut to lower the prices so that during this economy we would have a better attendance.
40. Gives LVCA a way to invite other clubs to our area, after all we are the largest club.
- 41.

26. Downscale and forget inviting other Corvette Clubs	Tue, Apr 13, 2010 5:54 PM	 Find...
27. OFF HAND I CAN'T THINK OF ANYTHING. IF I DO I WILL BE SURE TO MENTION IT TO THE BOARD.	Tue, Apr 13, 2010 4:59 PM	 Find...
28. Attend it	Tue, Apr 13, 2010 3:23 PM	 Find...
29. Have more volunteers from the club- so all LVCA members can enjoy the event in addiion to working it.	Tue, Apr 13, 2010 1:32 PM	 Find...
30. I'm just getting kinda bored with the same old stuff	Tue, Apr 13, 2010 12:34 PM	 Find...

Question 9

31.	It will be more fun if more members participate. Also, it is more fun if more people volunteer. I'm not sure if the date being on a long week end is good or bad. Some people want to go out of town on long weekends. On the other hand, out of town participants can more easily attend on a long week end.	Tue, Apr 13, 2010 11:50 AM	Find...
32.	I think that the the prices the banquet are a little to high, especially for LVCA members and who volunteer to work any of the events. Many of our members have been hit hard by the local economy.	Tue, Apr 13, 2010 11:42 AM	Find...
33.	Have other Corvette identities assigned to put on events instead of LVCA members having to put them on. LVCA can supply the 'gear' but not the labor.	Tue, Apr 13, 2010 11:24 AM	Find...
34.	more beer ha ha ha ha ha ha thank you	Tue, Apr 13, 2010 11:23 AM	Find...
35.	A party for the LVCA members that helped put on the event.	Tue, Apr 13, 2010 10:35 AM	Find...
36.	If they are volunteering, they should get a discount on their registration. Like what happened this year.	Tue, Apr 13, 2010 10:34 AM	Find...
37.	Social events should be more like mixers to get everyone talking more. Games?	Tue, Apr 13, 2010 10:32 AM	Find...

|---|----------------------------|---|
| 1. I have never attended a CR event, so cannot comment. | Sat, May 1, 2010 8:50 PM |  Find... |
| 2. I had another committment and would attend if I was here. I still may attend if I can possibly make it. | Fri, Apr 30, 2010 3:37 PM |  Find... |
| 3. Set up a Raffle prize display on the CR website. Market at other events even if it is one year out. Promote local participation from other clubs even if they are not NCCC. Sell this as a national event since it has history. Set a dedicated charity and use on the marketing material. | Thu, Apr 29, 2010 10:51 PM |  Find... |
| 4. They have always asked for volunteers at the meetings and in the Vetter. You may want to consider changing the dates since we now have more competition with other corvette events then we did at the start of this. | Thu, Apr 29, 2010 3:18 PM |  Find... |
| 5. I may not attend because I had a knee replacement | Wed, Apr 28, 2010 4:13 PM |  Find... |
| 6. The event will only be successful if our own members work it and not complain. | Wed, Apr 28, 2010 3:49 PM |  Find... |

Q10a2

7.	We need to seriously reevaluate this event being an NCCC points event as the number of NCCC points chasers are few in number from outside our own club.	Wed, Apr 28, 2010 2:55 PM	 Find...
8.	Make the event mandatory for all members to attend..Why are they in a Corvette club ??	Wed, Apr 28, 2010 12:57 PM	 Find...
9.	i do have a busy work scedule that does not allow me to volunteer.	Wed, Apr 28, 2010 10:21 AM	 Find...
10.	Just always to busy	Wed, Apr 28, 2010 8:40 AM	 Find...

Question 10

- | | | |
|---|----------------------------|---|
| 11. The group that puts on this event are dedicated to the club and do a great job!!! I admire them for their efforts!!! | Wed, Apr 28, 2010 8:40 AM |  Find... |
| 12. Reference #7. I would consider continuing event and future involvement if a "fun for all comers" approach was adopted. An obvious un-addressed problem exists if attendance declines each year. | Wed, Apr 28, 2010 8:16 AM |  Find... |
| 13. I have not attended this event as I always seem to have conflicting plans--I would prefer to see it scheduled on a non-holiday weekend. Most times we are out of town for the holiday. | Sat, Apr 24, 2010 12:50 PM |  Find... |
| 14. I have been involved with the Corvette Roulette event since before it was called the Corvette Roulette event. I have been an active member of the planning committee for every Corvette Rolette event. I have seen the stress it has inflicted on the members of the planning committees and believe I am witnessing burnout of the key members that have participated in the past CR events. One of the original objectives of the planning committee was to spread the responsibilities to as many people as possible, and to require that every key planning committee position must have a deputy. This was intended to reduce the stress and the risk of burnout. This objective has all but disappeared in the last five years and we are now seeing the negative consequences. | Fri, Apr 23, 2010 9:34 AM |  Find... |

To be continued

The concept of a sustainable and successful annual Corvette Roulette event is going to be difficult if not impossible if there is not a Corvette Roulette Director position created. Currently, each CR event is a stand-alone exercise. Each year a new CR Chair and planning committee is selected and a random set of some of the documentation from the past CR events are placed into the archives. Each new planning committee is doomed to re-invent the wheel unless someone on the planning committee remembers what might or might not have happened in the past. The duties of the CR Director should include:

- Recruiting candidates for the next CR Chair
- Capturing the lessons learned from each CR event
- Maintaining a best practices file
- Direct the Participants Satisfaction Survey for each CR event
- Work with the E-Board to maintain:
 - o A current set of CR event objectives
 - o A current concept of an ongoing annual CR event
 - o A current description of the CR activities
 - o A current approach to planning and conducting the CR event
- Capture and make available to future planning committees all relevant documentation from past CR events.

If all that the CR event does is to package the normal LVCA activities into a single weekend event, than it should NOT be continued. (See #9 above.)

Question 10

- | | | |
|---|----------------------------|---|
| 15. I don't have time to put my heart and soul into it to make it a great event. I think as a volunteer you need to have that or give that. | Thu, Apr 22, 2010 6:43 AM |  Find... |
| 16. Memorial weekend is a bad time for the event for my schedule. Would prefer to have in the fall like the 1st event was. | Tue, Apr 20, 2010 11:34 PM |  Find... |
| 17. This event was originally conceived as an event put on by LVCA to attract participants from around the country to come to Las Vegas for an event that was on a par with any of the major Corvette Gatherings in the country. Unfortunately due to internal special interests it has morfed to an event where many LVCA members are under the impression that it is put on for them and we do not need outside participation. This event should be continued under the original charter where LVCA hosted the event but the majority of participants were from outside LVCA. This is an opportunity for LVCA to become a well respected club that can and does put on a world class function annually on a par with Vettes on the Rockies, Carlisle, Big Bear, Millard Fillmore, etc. It is embarasing that this club with over 200 members is even considering cancelling annual Corvette Roulettes. We need to start ignoring the special interest groups and start doing what is best for the Club. | Mon, Apr 19, 2010 3:13 PM |  Find... |

Question 10

- | | | |
|---|----------------------------|---|
| <p>18. LVCA needs to get in the mindset that this is our annual, largest money making event of the year and we shouldn't have to beg for volunteers each year, it should be expected that everyone will help in some way. Perhaps a new chairman would help. Bonnie does an outstanding job, but many people don't care for her and therefore won't support the event. That is stupid, but could be true. If we changed the weekend to one where our members aren't out of town, it doesn't have to be a 3 day weekend, these people will come anyway. Let the membership decide on the date. The discount to members this year is great.</p> | Sun, Apr 18, 2010 11:46 AM |  Find... |
| <p>19. Last year my mother died. This year I'm going back to take care of some business. I don't know if I'll be back in time for Corvette Roulett.</p> | Sun, Apr 18, 2010 7:01 AM |  Find... |
| <p>20. this 3 day event commits the club to a huge obligation financially, and only a small percentage of members attend to repay this obligation. Most events must be self supporting, CR is on edge all year long that it will break even, a lot of pressure on the organizers. To much emphasis on a single event when we have events going on all year long
It is not a matter of the cost to the members to participate, they pay more than this for wine and cheese.
3 days is just to much time to commit to</p> | Sat, Apr 17, 2010 6:12 PM |  Find... |

Question 10

21.	More advertising with national magazines	Thu, Apr 15, 2010 1:39 PM	 Find...
22.	Just think what grand events we could have if all that money was used for separate events and the manpower could be used for more than just one event	Wed, Apr 14, 2010 7:18 PM	 Find...
23.	WE WON'T BE ATTENDING THIS YEAR DUE TO LIMITED FUNDS.	Wed, Apr 14, 2010 5:42 PM	 Find...
24.	We have attended one Corvette Roulette at the Stardust and volunteered. We enjoyed it. It has usually been at a time when we have family plans or we fly to see family so we do not attend.	Wed, Apr 14, 2010 11:58 AM	 Find...
25.	It has been very hot for past events. Tough on old farts.	Wed, Apr 14, 2010 6:04 AM	 Find...
26.	N/A	Tue, Apr 13, 2010 9:20 PM	 Find...
27.	I attend & support out of obligation to the club. It is too much work. I like short events. This takes up a good long weekend that could be used for family things.	Tue, Apr 13, 2010 8:34 PM	 Find...
28.	none	Tue, Apr 13, 2010 7:17 PM	 Find...
29.	CR caused too much friction the first year it was put on. Divided our club. Never volunteered again, because I arrived at my post to work and the previous workers were reluctant to let me do my job. They felt it couldn't get done with them being there.	Tue, Apr 13, 2010 5:54 PM	 Find...
30.	I'M SURE THERE IS A GOOD REASON FOR HAVING THE EVENT THE LAST WEEK OF MAY, BUT A WEEK EARLIER WHEN IT MAY BE COOLER WOULD BE NICE.	Tue, Apr 13, 2010 4:59 PM	 Find...

Question 10

31. Great event--Hope it continues:)	Tue, Apr 13, 2010 3:23 PM	 Find...
32. The first year was too expensive for a single (not a couple) participant. Then I believe the next year I had to pay for the entire event, even if I only wanted to participate in one portion. Then I took vacation on that weekend the next two years and this year it is on my weekend to work.	Tue, Apr 13, 2010 2:03 PM	 Find...
33. I am concerned that we are burning out the few LVCA volunteers who run most of the event- The event has taken its toll on club friendships. If we continue we need more club volunteers. I think this year we have too many NCCC events. I think this should be an event the club wants to participate in and not an event that we are having just for people come to Vegas. If we have a good time those who visit will have a good time and want to come back. There has been allot of worry each year if we are going to break even. We would break even if our own club would sign up 90 cars. this year with the reduced registration fee we should be able to tell if LVCA will support it's own event.	Tue, Apr 13, 2010 1:32 PM	 Find...
34. Not just this event	Tue, Apr 13, 2010 12:34 PM	 Find...
35. I think that this event should continue. It can be what it was originally intended to be... a premier event put on by our club and it's members. Who doesn't want to come to Las Vegas? It does takes time and effort each year to make it better.	Tue, Apr 13, 2010 11:50 AM	 Find...
36. move the date to April 1st. weekend.	Tue, Apr 13, 2010 11:47 AM	 Find...

Question 10

37.	I think the event is a great one and as long as the club makes money we should continue doing it, but if it should cost the club money and becomes a burden and/or doesn't get the support we should discontinue the event.	Tue, Apr 13, 2010 11:42 AM	 Find...
38.	I own Corvettes because I like to drive them, which LVCA does little of, and not to be a social animal.	Tue, Apr 13, 2010 11:24 AM	 Find...
39.	Recommend that there be Co-Chairs. One to be in-charge the first year and the second to take over the next year.	Tue, Apr 13, 2010 10:35 AM	 Find...
40.	I don't think it has to be NCCC in order to be fun. But if that is the way we get other people to attend then we can keep it NCCC. I think their are probably places that could be cut to lower the prices so that during this economy we would have a better attendance.	Tue, Apr 13, 2010 10:34 AM	 Find...
41.	Gives LVCA a way to invite other clubs to our area, after all we are the largest club.	Tue, Apr 13, 2010 10:32 AM	 Find...
